LynxCap Investments is a global investment firm, focusing on acquisition and management of non-performing loans and real estate assets originated by commercial banks and other financial institutions. Headquartered in Zug, Switzerland, we also have operating offices in Ljubljana, Luxembourg and Honk-Kong. We manage over EUR 560 million of distressed assets and non-performing loans. Our investment mandate covers all of Europe and select Asian markets. Today our key investment markets are Spain, Greece, Croatia, the Czech Republic, Serbia, and Slovenia.

What it's about

- Support company's management team with the daily cash and liquidity management at group level incl. intercompany funding, short term budgeting and other daily tasks
- Act as counterpart to external stakeholders, mainly outsourced accounting partners, collection partners as well as our financing partners in respect to monthly accounting and reporting topics
- Work closely with the company's investment team to ensure proper investment transaction processing and capital management
- Monitor cash movements on bank accounts and counterparty balances according to the data reflected in the management systems and analyse discrepancies
- Maintain repayment and interest calculations for outstanding financing facilities
- Support our management team with periodic and ad-hoc financial reports and analyses
- Assist in annual closing, tax filings, and audits

What we expect

- 2+ years of work experience in Finance, Corporate Treasury or Accounting preferably in an international working environment
- Accurate working style, committed and flexible personality
- Fluency in English is a prerequisite
- MBA with specialisation in finance or accounting is beneficial

What we offer

- Competitive salary and benefits
- International working environment
- Growth-oriented entrepreneurial culture with significant development opportunities
